# Scope of the Journal

ISSN: 1754-2294 (Print), ISSN: 1754-2308 (Online)

*IJLER fosters discussion on the principles and implementation of lean thinking. It is aimed at the adaptation of lean principles in various contexts, which include industry and service sectors, profit and non-profit. The influences of cultural differences on (the implementation of) lean principles are also relevant, as is the relation between lean thinking and decisions regarding the deployment of information systems. IJLER provides a platform for proposals and discussion of new and amended tools and techniques to implement lean principles.*

## Contents:

IJLER publishes high-quality original papers, review papers, technical reports, case studies, conference reports, management reports, book reviews, notes, commentaries and news. Special Issues devoted to important topics in lean enterprise research will occasionally be published by compiling selected papers from significant international conferences and symposiums and invited papers from prominent researchers.

## Topics covered include:

- Implementation of lean techniques
- Lean product and process development
- Lean manufacturing
- Lean production systems
- Lean accounting
- Lean information systems
- Lean services
- Lean healthcare
- Lean supply chains and logistics
- Lean enterprise modelling and simulation
- Lean enterprise architectures
- Lean enterprise transformation
- Lean project management
- Case studies
